## PEOPLE PAY BILLS MERCHANTS CASH CHECKS, RE-CEIVE PAY-MAKE DOUBLE PROFITS. One of the amusing things in

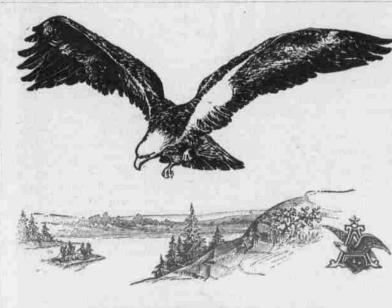

Wonder is the monthly struggle for procession through Main street. [four beautiful horses that do an cash with which to transact busito between \$8000 and \$10,000 at present, and the most of this is paid in checks. There is no bank here, and the merchants are compelled to carry sufficient cash to turn this bank paper over. There is probably between three and four thousand dollars in money in the town. The first man to receive his pay check goes, we'll say, to the hotel, pays his bill, and receives his change in money. Forthwith he goes to the outfitting store and pays his bill in money, and so on till his bills are all paid. The next fellow is probably a bachelor, and pays his grocery bill first, getting his change in money, with which he pays his cabin rent, wood bill, and so on. This process is kept up until all the bills are paid, and at the end of a day or two the business men have all the checks and most of the money.

During the month the merchants pay their bills on the outside with the checks, and the same old bank notes remain in town ready for next month's business. Just about enough cash comes in through the postoffice in money orders to comjensate for that sent out in small transactions, what is put away in tomato cans, etc., and we get along nicely. It is a regular little clearing house,-Wonder News.

#### HORSE THIEVES ARE WANTED VERY MUCH

Sheriff Harris has just received a wire that a band of 75 horses has been stolen in Southern Oregon and are headed through this state. When last heard from they were seen at Barth, near Beowawe, in charge of a number of men who were pushing them 'day and night. The authorities are bot on their trail and it seems impossible that the horse thieves can get away with this large drove, as every sheriff in Nevada is on the lookout .- Elko Free Fress.
